

Dear Parent of a Phoenix Athlete,

In the past we charged a fee for students to participate in athletics. Since athletic activities are extracurricular, the fee helped cover the costs associated with this extra opportunity for some of our students. During a typical year, our athletics budget has been about \$90,000, a cost of about \$500 per athlete. In previous years, fees ranged from \$175 to \$225 per student for a sport.

Laws regarding the charging of fees in charter schools have changed, and we are no longer allowed to charge athletic fees. Given the financial challenges we face as a school, this additional hit to our budget makes financing athletics difficult.

We believe that our athletics program is important for our students and our school. We want to be able to continue to offer the options currently available. Therefore, we are asking families with athletes to contribute to the athletics program. Your contribution to athletics would be a designated gift that fills a particular need in our budget. It doesn't diminish the continued need we have for support for the school as a whole through the Phoenix Fund. We hope you will consider supporting both endeavors. Every gift of any size is greatly appreciated.

A form for your athletics contribution is below. Please make your check payable to Raleigh Charter High School. Please write "athletics donation" on the memo line of your check. Donations may be dropped off at the front office or mailed to RCHS. You will receive an acknowledgment for your donation via email. If you have questions or need additional information, you may contact us at any time.

We are most grateful for the passionate support we receive for our Phoenix athletes, coaches, and teams. Go Phoenix!

With great appreciation,

Lisa Huddleston

Risk of Injury:

We acknowledge and understand that there is a risk of injury involved in athletic participation. We understand that the student-athlete will be under the supervision and direction of the RCHS athletic coach. We agree to follow the rules of the sport and the instructions of the coach in order to reduce risk of injury to the student and other athletes. However, we acknowledge and understand that neither the coach nor RCHS can eliminate the risk of injury in sports. Injuries may and do occur. Sports injuries can be severe and in some cases may result in permanent disability or even death. We freely, knowingly, and willfully accept and assume the risk of injury that might occur from participation in athletics.

Medical History:

Athletes and parents: This health record is a critical element in the determination of an athlete's risk of injury in sports. Please take the time to read and answer all questions before seeing a physician for the athlete's physical examination.

RCHS Athletic Participation Form

Code of Sportsmanship:

It is recognized that public school interscholastic athletic events should be conducted in such a manner that good sportsmanship prevails at all times. Every effort should be made to promote a climate of wholesome competition. Unsportsmanlike acts will not be tolerated. Players are under the coach's control from the time they arrive at the athletic site until they leave the field. It is expected that all athletes and managers adhere to the guidelines established by their coaches. Noncompliance with these expectations may result in consequences from the school.

Raleigh Charter High School Academic Eligibility Requirements:

Students with no more than one (1) D and no failing grades AND a 2.0 unweighted GPA, OR a 3.0 unweighted GPA AND any combination of grades, in the six weeks grading period prior to participation are eligible to participate. Students excluded from participation will be reevaluated at the end of the following six weeks grading period. Student-athletes will be evaluated at the end of each grading period.

Students who were not enrolled at RCHS during the grading period prior to participation must submit his/her grades from the previous school. The above standards apply to those grades.

NOTE: The NCHSAA policies supercede any and all local school policies.

Protect Your Eligibility. Know the Rules. To represent your school in athletics, YOU

1. **Must** meet the above RCHS Academic Requirements.
2. **Must** be a properly enrolled student at the time you participate, must be enrolled no later than the 15th day of the present semester.
3. **Must** be in attendance at least 85% of the semester prior to athletic competition.
4. **Must** not have exceeded eight (8) consecutive semesters of attendance or have participated more than four (4) seasons in any sport since first entering grade nine (9).
5. **Must** be under 19 years of age on or before October 16.
6. **Must** be present 100% of the student day on the day of an athletic event in order to participate.
7. **Must** have received a medical examination by a licensed physician within the past 365 days; if you miss five (5) or more days of practice due to illness or injury, you must receive a medical release from a licensed physician before practicing or competing.
8. **Must** turn in a completed RCHS Athletic Participation Form prior to the first day of practice.

Student-Athlete Pledge:

As a student-athlete, I am a role model. Using inappropriate language, taunting, baiting, or the use of unwarranted physical contact directed at opposing players, coaches, and fans are contrary to the spirit of fair play and the good sportsmanship that my school expects. I accept my responsibility to model good sportsmanship that comes with being a student-athlete.

Parent/Guardian Pledge:

As a parent, I am a role model. I will remember that school athletics are an extension of the classroom, offering learning experiences for the students. I will show respect for the opposing players, coaches, spectators and support groups. I will participate in cheers that support and uplift the teams involved. Using inappropriate language and taunting are contrary to the spirit of fair play and the good sportsmanship our school expects. I accept my responsibility to model good sportsmanship as the parent of a student-athlete.

RCHS Athletic Participation Form

Transportation for Athletic Events:

Parent carpools and student drivers are the main modes of transportation for Phoenix athletes to and from athletic events. Athletic events include practices and contests of the sports offered by RCHS. If student transportation is by private vehicle, the vehicle owner's liability coverage is applicable to any vehicular accident. Parent, adult, and student drivers should be aware that they may be held responsible for injuries to any individuals they are transporting and must certify that any private vehicle used is covered by at least the North Carolina state required insurance coverage. All student-athletes who travel with the team to any athletic event must return to the school with the team. The only exception to this policy is when the coach is made aware that the student-athlete will ride home with a parent/guardian. Student-athletes are not to ride home from athletic events with any person other than a pre-arranged guardian. Student-athletes who elect to ignore this policy may jeopardize their eligibility.

Medical Authorization:

As the parent/guardian of this student-athlete, I grant permission for treatment deemed necessary for a condition arising during or affecting participation in sports including medical or surgical treatment recommended by a medical doctor. I understand that every effort will be made to contact me prior to treatment. Also, permission is granted to release medical information to the school, including an assigned RCHS representative, athletic trainer and/or coach. These records may be examined for the express purpose of evaluating medical or physical fitness for participation in, or continued participation in, any athletic program at RCHS. I understand that these medical records will be kept confidential.

We, the undersigned student and parents/guardians, have read this document and understand all of the requirements for athletic participation at Raleigh Charter High School and agree to comply with the requirements set forth in this document. All information on this form is accurate and current. Providing false information on this form renders it void and may cause the student-athlete to lose eligibility. This document is valid only for the current school year.

CONCUSSION

INFORMATION FOR *STUDENT-ATHLETES & PARENTS/LEGAL CUSTODIANS*

What is a concussion? A concussion is an injury to the brain caused by a direct or indirect blow to the head. It results in your brain not working as it should. It may or may not cause you to black out or pass out. It can happen to you from a fall, a hit to the head, or a hit to the body that causes your head and your brain to move quickly back and forth.

How do I know if I have a concussion? There are many signs and symptoms that you may have following a concussion. A concussion can affect your thinking, the way your body feels, your mood, or your sleep. Here is what to look for:

Thinking/Remembering	Physical	Emotional/Mood	Sleep
Difficulty thinking clearly	Headache	Irritability-things bother you more easily	Sleeping more than usual
Taking longer to figure things out	Fuzzy or blurry vision	Sadness	Sleeping less than usual
Difficulty concentrating	Feeling sick to your stomach/queasy	Being more moody	Trouble falling asleep
Difficulty remembering new information	Vomiting/throwing up	Feeling nervous or worried	Feeling tired
	Dizziness	Crying more	
	Balance problems		
	Sensitivity to noise or light		

Table is adapted from the Centers for Disease Control and Prevention (<http://www.cdc.gov/concussion/>)

What should I do if I think I have a concussion? If you are having any of the signs or symptoms listed above, you should tell your parents, coach, athletic trainer or school nurse so they can get you the help you need. If a parent notices these symptoms, they should inform the school nurse or athletic trainer.

When should I be particularly concerned? If you have a headache that gets worse over time, you are unable to control your body, you throw up repeatedly or feel more and more sick to your stomach, or your words are coming out funny/slurred, you should let an adult like your parent or coach or teacher know right away, so they can get you the help you need before things get any worse.

What are some of the problems that may affect me after a concussion? You may have trouble in some of your classes at school or even with activities at home. If you continue to play or return to play too early with a concussion, you may have long term trouble remembering things or paying attention, headaches may last a long time, or personality changes can occur. Once you have a concussion, you are more likely to have another concussion.

How do I know when it's ok to return to physical activity and my sport after a concussion? After telling your coach, your parents, and any medical personnel around that you think you have a concussion, you will probably be seen by a doctor trained in helping people with concussions. Your school and your parents can help you decide who is best to treat you and help to make the decision on when you should return to activity/play or practice. Your school will have a policy in place for how to treat concussions. You should not return to play or practice on the same day as your suspected concussion.

You should not have any symptoms at rest or during/after activity when you return to play, as this is a sign your brain has not recovered from the injury.

This information is provided to you by the UNC Matthew Gfeller Sport-Related TBI Research Center, North Carolina Medical Society, North Carolina Athletic Trainers' Association, Brain Injury Association of North Carolina, North Carolina Neuropsychological Society, and North Carolina High School Athletic Association.

Student-Athlete & Parent/Legal Custodian Concussion Statement

**If there is anything on this sheet that you do not understand, please ask an adult to explain or read it to you.*

Student-Athlete Name: _____

This form must be completed for each student-athlete, even if there are multiple student-athletes in each household.

Parent/Legal Custodian Name(s): _____

- ☐ We have read the *Student-Athlete & Parent/Legal Custodian Concussion Information Sheet*.
If true, please check box.

After reading the information sheet, I am aware of the following information:

Student-Athlete Initials		Parent/Legal Custodian Initials
	A concussion is a brain injury, which should be reported to my parents, my coach(es), or a medical professional if one is available.	
	A concussion can affect the ability to perform everyday activities such as the ability to think, balance, and classroom performance.	
	A concussion cannot be “seen.” Some symptoms might be present right away. Other symptoms can show up hours or days after an injury.	
	I will tell my parents, my coach, and/or a medical professional about my injuries and illnesses.	N/A
	If I think a teammate has a concussion, I should tell my coach(es), parents, or medical professional about the concussion.	N/A
	I will not return to play in a game or practice if a hit to my head or body causes any concussion-related symptoms.	N/A
	I will/my child will need written permission from a medical professional trained in concussion management to return to play or practice after a concussion.	
	Based on the latest data, most concussions take days or weeks to get better. A concussion may not go away right away. I realize that resolution from this injury is a process and may require more than one medical evaluation.	
	I realize that ER/Urgent Care physicians will not provide clearance if seen right away after the injury.	
	After a concussion, the brain needs time to heal. I understand that I am/my child is much more likely to have another concussion or more serious brain injury if return to play or practice occurs before concussion symptoms go away.	
	Sometimes, repeat concussions can cause serious and long-lasting problems.	
	I have read the concussion symptoms on the Concussion Information Sheet.
