USC, Los Angeles, CA	Summer seminars are a four week college immersion programs in architecture, global studies, engineering, journalism, visual and performing arts.	O	F	S	http://summer.usc.edu/index.shtml
US Naval Academy	Engineering is all about creating, building, and making things better! So what does it take to be an engineer? If you like math and science, you are off to a great start. If you enjoy discovering new things, solving problems, and learning how things work - even better! Creativity, persistence, and the desire to make the world a better place are also important qualities. Becoming an engineer requires hard work and a good education. Our summer program will be a great start to your career in science and engineering.	O	F	S	http://www.usna.edu/Admissions/stem.htm
Vanderbilt University, Nashville, TN	You will live on campus and take advanced courses with Vanderbilt professors, lecturers, and graduate students. You might go on rounds with doctors at Vanderbilt University Medical Center, study nanotechnology with a PhD candidate in an engineering lab, cull through Vanderbilt's Civil War archives, or let a published author get you started on the next bestselling novel. Virginia Tech	Virginia Tech's College of Engineering invites you to participate in a program called C-Tech2 - Computers and Technology at Virginia Tech. A primary focus of the program is to help develop and sustain the interests of women in engineering and the sciences. The program allows you to explore applications of engineering, math, and science in a way that is fun and exciting. You will spend the majority of your time involved in hands-on activities designed to increase your interest in and knowledge of applications of engineering, math, and science to real world situations. The target population for the program is rising junior and senior high school girls.	O	F	S	http://www.eng.vt.edu/ctech2
Washington and Lee University, VA	Washington and Lee University – Summer Scholars Program – seven curriculum choices including American politics and Journalism.	O	F	S	http://www.wlu.edu/x33130.xml
Washington University, St. Louis, MO	Washington University's high school summer programs provide academically talented high school students who have completed their sophomore, junior, or senior year with a unique opportunity—the chance to try out college, the ability to earn college credit, and the excitement of living and bonding with fellow students from around the country and the world.	O	F	S	http://summerexperiences.wustl.edu/
W.E.B. Dubois Scholars Institute, Princeton, NJ	The Institute will be held on the campus of Princeton University that provides leadership training for high-achieving youth.	O	F	S	www.webduboisscholars.org OR http://duboisscholars.org/admissions/overview/
Wake Forest Univ	Wake Forest University LENS Summer Program – Partner with university professors to examine the complexities of sustainability through different lenses – ecologic, economic, political, and legal.	I	F	S	http://lens.wfu.edu/
